Bee Healthy Regional Dental Service, 2015

Today I am going to see the dental therapist to get my teeth checked.

I will walk up the ramp to get to the clinic.

I will go to the front desk and tell them my name.

**I will take a seat in the waiting room.
I can watch a movie while waiting.**

The dental therapist will call my name when it is time to get my teeth checked.

After my name is called, I will walk down a hallway.

**I will go into a room with a big chair.
It will lean back so the dental therapist can look at my teeth.**

My dental therapist will say hi and ask me to sit on the chair.

My dental therapist will wear a mask and a special gown to get ready to look at my teeth.

My dental therapist will check my teeth with special tools.

I will open my mouth wide for the dental therapist.

I did a great job opening my mouth, so now I get a sticker as a reward.

We all say goodbye and I will leave the way I came.

**My visit to see the dental therapist is complete.
See you again next year!**
